

GLOBAL PRAYER MATTERS

(Edition PM2529 22nd July 2025)

Prayer Matters is published by Fiona Emery membercare@amtglobal.com.au every Tuesday. Please direct all prayer requests to her by noon on Monday.

Sonny & Juno Ng, (NSW, DPG Day 5)

Sonny had to cancel a trip recently as his Doctor said his latest test shows alarming narrowing of his arteries, and that he needs to have surgery asap. He believes that Sonny could potentially have a stroke in flight, so not to travel. He needs two surgeries, one more urgent than the other, Hence he is scheduled for the first surgery on the 25th July. Please pray for wisdom for the surgeon and for a good outcome.

Phil & Sandy Jones, (Mexico, DPG Day 6)

Pray for Phil as he runs Leadership Development courses with a close knit group of gifted guys. Praise for the worship nights, with over 80 people attending on both nights, resulting in families coming to church and also some baptisms. Renovate has had some ups and downs this year with team dynamics and changes. Pray for unity and a clear way forward. As far as family, Sandy has her PET on July 23, pray for her health.

Bill & Nicoletta Quinert, (Italy, DPG Day 19)

My wife & I are involved once a month in distributing food & clothing to people in need who we have contact with. Sometimes we deliver food parcels to the homes of some, which gives an opportunity not only to give food, but also to share the Gospel to many who are unbelievers. This also gives us the opportunity to establish friendships & maintain contact, hoping it will lead to some coming to faith. We ask you to join in prayer that some of the contacts will receive the Word of God & be saved.

Eva Kennedy, (Spain, DPG Day 20)

We are still looking for a team house, my team mate JY will most likely live in it with me which is a nice development. We have a WEC "Dive Into" team coming next week and many other people to host and organise this summer. Please pray things come together for this. I am studying for my theory driving licence exam. I have 2 months to study and do 100 practice tests before I take the final exam. It's really difficult and frustrating to have to do it all when I have an Australian licence already.

Carol Luttah, (PNG, DPG Day 22)

God has been healing our Head Office team one stitch at a time. We are rising from sadness and anger. We all can't wait for the move to Lae. Please pray for the accommodation issues in Lae to enable us to finally move. I am in Cairns for a short break. I will then travel to Phuket Thailand from 24th-28th July for PITH Conference and then straight to Lae after the conference to check up on accommodation progress

Ian & Leann Buckley, (Specialist, DPG Day 23)

Urgent prayer for our eldest son Nathan who is presently in ICU in Hervey Bay Hospital. He has had a bad episode due to drugs. Quite concerned with his mental state. Will be moved to a mental health ward this week. PTL for much progress with our house. Ensuite finished, deck fencing done, downpipes connected, inside painting well under way. Kitchen from Ikea approved and arriving at the end of the month. Booked flights back to Nepal for early October. Please be praying for the Lord's provision for flights, travel insurance and renewal of passports. Pray for wife & children in one of our Living Faith Churches who recently lost her husband.

Paul & Fenny, (Restricted Access, DPG Day 28)

Praise our Father. Paul arrived back safely in the middle of last night with 4 visas in hand. These will last for another year. We'd appreciate prayer for our 6 year old Daniel. He has been waking up each night and staying awake for a long time, unable to get back to sleep. This is keeping us all awake and has been happening for over a month. Please pray for an effective solution to his sleep issue.

David & Stacie, (Restricted Access, DPG Day 28)

The new government has introduced very rigid and onerous restrictions on how our Christian schools have to operate. Three of our schools have inspections in the next week. If we can satisfy very demanding compliance requirements, the Ministry of Education will likely give a five year licence to operate. We request prayer for this outcome.
